WORK EXPERIENCE (INTERNSHIP)

Front End Developer

JMTechnex

July 2023 – Aug 2023

I worked as a Front-End Developer during my internship in JMTechnex. I used HTML, CSS and Javascript to prepare the interface of an NGO website. I communicated with other team members regarding the requirement gathering and learned few things from them. I also helped my team members whenever required.

Front End Developer

Blood Donation Web Application (Donation RED) | College Project

July 2023

I also worked on a college project during my Masters degree. It was a Blood Donation Website. I prepared this website along with my friends. I worked on the front-end part on this website. I used HTML, CSS, Javascript to prepare the Frontend of the the website. And we used PHP for the backend of the website.
